

American Samoa

NO PROGRAM

American Samoa does not provide publicly funded preschool as defined in this report but does support early childhood education in several other ways. The Early Childhood Education/Head Start (ECE/HS) division is housed within the American Samoa Department of Education (ASDOE). The ASDOE and both elementary and secondary schools operate early childhood education centers.

The American Samoa Children's Cabinet serves as the territory's early childhood advisory council. The Cabinet operates under the Office of the Governor and includes representation from the ASDOE, the Department of Human and Social Services, and the Department of Health.

American Samoa's early learning guidelines, for children ages 3 to 5, address multiple domains including social and emotional development, mathematics, science, approaches to learning, logic and reasoning, social studies, physical development and health, language development, literacy, English language development, and creative arts expression. The early learning guidelines are aligned with the Head Start Child Development and Learning Framework.

In 2012-2013 American Samoa was in the process of developing a quality rating and improvement system (QRIS) which was in the later stages of development as of June 2015. One component of the system would be use of quality program assessment tools for quality assurance and monitoring.
