

South Dakota

NO PROGRAM

South Dakota currently does not have a state-funded preschool program, as defined by this report; but the state does support early childhood education in several ways. The Division of Child Care Services within the Department of Social Services oversees licensing early childhood programs and administers direct child-care assistance payments to low-income families. In 2011, the South Dakota Bright Start Home Visiting Nurses Initiative began providing services to Native American children. The program focuses on infant brain development as well as early childhood development. The Birth to Three office, within the Department of Education, oversees early childhood special education and the Head Start Collaboration office.

The South Dakota Early Learning Guidelines are used in all settings that serve children from birth to 5 years old and cover multiple domains including: health and physical development, creative arts, language and literacy, social studies, social-emotional development and approaches toward learning, mathematics, and science. The Guidelines are aligned with the South Dakota Content Standards for Kindergarten, which are part of the K-12 State Standards incorporating the Common Core State Standards for English Language Arts and Mathematics. The Guidelines were a collaboration between the University of South Dakota, the Department of Education Head Start State Collaboration office, Department of Social Services Child Care Services and multiple other stakeholders.
