OVERVIEW
Louisiana preschool programs enrolled 18,841 children in 2018-2019, a decrease of 70 children from the prior year. State funding totaled $48,089,515 and $40,490,270 in TANF funds were also used to support program, down $4,238,469 (5%), adjusted for inflation, since last year. State spending per child (including TANF funds) equaled $4,701 in 2018-2019, down $207 from 2017-2018, adjusted for inflation. Louisiana met an average of 7.9 of 10 quality standards benchmarks.

WHAT'S NEW
On August 20, 2018, the eligibility requirement for 8(g), LA 4, and NSECD changed from 185% FPL to 200% FPL in an effort to align pre-K program eligibility with Louisiana’s K–12 definition of Economically Disadvantaged. Additionally, the Louisiana Department of Education (DOE) was awarded a renewal Preschool Development Grant Birth through Five award in 2019 for $11,178,750 annually through 2022 to continue the work that began in 2018.

BACKGROUND
Louisiana has three distinct state funded preschool programs: the 8(g) Student Enhancement Block Grant Program (8(g)), the Cecil J. Picard LA 4 Early Childhood Program (LA 4), and the Nonpublic Schools Early Childhood Development Program (NSECD). The state also provides early childhood education through the federally funded Preschool Expansion Grant. Many school districts also use federal Title I funding to provide high-quality pre-K to 4-year-olds in public schools, typically adopting the same standards as LA 4.

The first of Louisiana's state-funded pre-k programs, initially established in 1988, is the 8(g) Student Enhancement Block Grant Program. It was created to compensate for the loss of the Model Early Childhood Program when matching annual appropriations for that program ended. The 8(g) program serves 4-year-old children and priority is given to students living at or below 200% FPL. However, if all income-eligible children are served, additional students may be served if they are deemed “developmentally unprepared.”

The largest of the three state-funded pre-K programs, The Cecil J. Picard LA 4 Early Childhood Program (LA 4) (formerly LA 4 and Starting Points), was established in 2001 and serves 4-year-old children in public schools, independent LEA charter schools, and tribal schools. Additionally, programs can subcontract with Head Start programs, private agencies, and non-independent LEA charter schools to deliver the LA 4 program. Teachers in LA 4 are required to have a minimum of a bachelor’s degree and meet all the qualifications required for public school teachers, regardless of where the program is located. Eligibility for this program is based on income: all children must be at or below 200% FPL to enroll.

Also established in 2001, the Nonpublic Schools Early Childhood Development program (NSECD) supports high-quality pre-K for 4-year-olds in nonpublic settings. Teachers in the NSECD program are required to have a bachelor’s degree and assistant teachers are required to have at least a CDA. NSECD has the same eligibility requirements as the LA 4 program and funding is available for this program on a competitive basis.

During the 2012 session, the Louisiana Legislature passed Act 3, unifying multiple early childhood initiatives under the DOE and in collaboration with other state agencies. This system contains aligned program standards, a quality rating and improvement accountability system in which all programs receiving state and/or federal funds are required to participate, a unified professional development system, birth-through-five early learning and development standards, and a cross-agency integrated data system.

During the 2016-2017 school year, Louisiana completed its first full year of the unified rating and improvement system for all publicly funded child care, Head Start and pre-K sites. The state shared information for all programs serving children birth to age 5 via a family friendly website, www.louisianaschools.com, which provides comparable information about program quality.

Louisiana’s overall support for state-funded preschool, including enrollment and funding for 8(g), LA 4, and NSECD is depicted in the first two pages of this state profile. The third page focuses solely on 8(g), the fourth page provides information on LA 4, and the fifth page on NSECD.
