OVERVIEW

WHAT'S NEW
The Florida Department of Education Office of Early Learning (OEL) was awarded a Preschool Development Grant Birth through Five renewal award in 2019 for $13.4 million annually. These funds will be used to strengthen Florida’s overall early childhood system, with a focus on early learning, through December 2022.

BACKGROUND
Florida's Voluntary Prekindergarten (VPK) Education Program was launched in 2005 after voters in 2002 approved a constitutional amendment providing prekindergarten access for all 4-year-olds. Recently, state policy was changed so that, beginning in 2016-2017, parents may postpone enrollment of young 4-year-olds in the VPK program for a year, consequently making 5-year-olds eligible. The program is managed by OEL, which was established as an independent agency affiliated with the state Department of Education.

Age-eligible children are enrolled in either a 300-hour summer program, which every school district is mandated to offer, or a school-year program totaling 540 instructional hours. Teachers in the school-year program are required to have at least a Child Development Associate (CDA) degree or equivalent credential. Teachers in the summer program are required to have a bachelor’s degree.

VPK is provided in a variety of settings such as public schools, accredited nonpublic schools, licensed child care centers, accredited faith-based centers, and licensed family child care homes. Most children attend VPK in nonpublic school settings. Regional early learning coalitions monitor programs for compliance and administer VPK, distributing funding based on a fixed hourly rate. Programs are required to meet the Florida Early Learning and Developmental Standards: 4 Years Old to Kindergarten, which were revised in 2017.

Funding is determined by state legislators after review during the annual state appropriations process. The State Board of Education is required to establish a minimum kindergarten readiness rate to assess delivery of the VPK Education Program by providers and schools. All providers are required to administer the Florida VPK assessment at the beginning and end of the school year, with results used as a pre- and post-assessment to demonstrate learning gains.

Florida’s School Readiness Program is a separate initiative, funded by the federal Child Care and Development Fund (CCDF). The program offers financial assistance for child care to qualified parents. This report focuses solely on the VPK program.
FLORIDA VOLUNTARY PREKINDERGARTEN PROGRAM

ACCESS

Total state pre-K enrollment ........................................ 173,633
School districts that offer state program .................. 100% (counties)
Income requirement ........................................... No income requirement
Minimum hours of operation .............................. Determined locally
Operating schedule .............................. Determined locally
Special education enrollment, ages 3 and 4 .......... 23,101
Federally funded Head Start enrollment, ages 3 and 4 ....... 32,550
State-funded Head Start enrollment, ages 3 and 4 .......... 0

RESOURCES

Total state pre-K spending ........................................ $391,215,901
Local match required? ........................................ No
State Head Start spending ........................................ $0
State spending per child enrolled ........................................ $2,253
All reported spending per child enrolled* ........................................ $2,253

* Pre-K programs may receive additional funds from federal or local sources that are not included in this figure.

** Head Start per-child spending includes funding only for 3- and 4-year-olds.

*** K-12 expenditures include capital spending as well as current operating expenditures.

For more information about the benchmarks, see the Executive Summary and Roadmap to State Profile Pages.

SPENDING PER CHILD ENROLLED

- **PRE-K**: $2,253
- **HDST**: $8,994
- **K-12**: $11,364

Data are for the 2018-2019 school year, unless otherwise noted.
