

## *Tips for Completing the 2021 State of Preschool Yearbook Survey*

### **ACCESSING THE SURVEY**

- ✓ Remember to have your unique web link handy to access the survey. This is found in an email from [Yearbook@nieer.org](mailto:Yearbook@nieer.org)
- ✓ Remember that while the link may be shared and used by multiple people to complete the survey, only one person can work in the survey at a time.
- ✓ Responses entered are automatically saved. You can exit the survey at any time and return where you left off using your unique web link (the same one you used to initially access the survey).

### **NAVIGATING THROUGH THE SURVEY**

- ✓ Please use the **Table of Contents** to navigate between sections in the survey. The **Table of Contents** is located in the top left margin of the survey. Alternatively, you can navigate to the **Table of Contents** by clicking on the button at the bottom of each section of the survey.
- ✓ In some instances, answers to earlier questions may change which survey questions you receive later in the survey. That is, you may inadvertently skip some questions if earlier questions are not answered. To avoid this issue and ensure that you get all the necessary questions, we recommend that you start answering questions at the beginning of each section. The Word document included in the email with your unique survey link also contains the full set of questions for your reference.
- ✓ If you need to go back to an earlier section, please use the **Table of Contents**.
- ✓ We recommend that you **avoid using the forward arrow** to navigate through the survey. When you get to the end of a section, there will be a red message reminding you to instead **use the Table of Contents** to move to another section.

**You have reached the end of Section 1!**

**Please use the Table of Contents to navigate to the next section.**

- ✓ If you do use the forward arrow to navigate between sections, a ✓ will appear in the Table of Contents next to the section you left, and the name of the section will turn **blue** in the Table of Contents. This means that you have navigated through the section, but not necessarily that you

have answered all the questions in that section. **Please do not rely on the ✓ as an indication that a section is complete.**

### **2019-2020 RESPONSES**

✓ For many questions, we have included your responses from the 2019-2020 school year for your reference. These answers will appear in the survey in **blue** between the question and the space for your 2020-2021 response. If the data you reported last year is still accurate, simply select the same response below or copy/paste the text into the blank (see below).

Q6.

**Are districts/counties/parishes/towns in the state required to offer this preschool program?**

In 2019–2020, the response was: **Not required, but funding is awarded on a competitive basis**

Required for all

Not required, but funds are available to any district/county/town choosing to offer the program

Not required, but funding is awarded on a competitive basis

Required for some (please describe below)

If this answer is still accurate for the 2020-2021 school year, select the same response.

Q80.

**If you have additional information about required meals, including if you selected "Requirements depend on length of program day" or "Other meal requirements," please describe it here:**

In 2019–2020 the response was: **Classrooms must provide at least one mealtime per day. Additional snacks and/or meals are optional but suggested. School meals are healthy meals that are required to meet the Dietary Guidelines for Americans.**

If this answer is still accurate for the 2020-2021 school year, copy/paste the response into the blank.

## **SURVEY RESPONSES**

- ✓ Nearly all text boxes in the survey allow you to leave them blank if you do not have additional detail. You do not need to add additional information each time there is a text box.
- ✓ Please do not paste in guidance, policies, etc. If needed, provide a link.
- ✓ For questions that require a number, percent, or dollar amount, enter only a whole number. You do not need to add \$ and % signs to your response.
- ✓ Some enrollment questions appear to be pre-populated with “0”. Please enter the correct enrollment information where applicable.

## **COMPLETING AND SUBMITTING THE SURVEY**

- ✓ Once you have completed the entire survey, use the **Table of Contents** to navigate to the **End of Survey** page. Read the instructions and review any sections of the survey as needed, then click the “**Next**” button at the bottom of the page. At this stage, you still have the opportunity to return to any part of the survey through the **Table of Contents**. When you are ready to officially submit the survey, **click the “Next” button a second time**. You will then be taken to a screen confirming your submission.
- ✓ Please do not submit your survey until it is completed, as you will lose access to the web-survey once it is submitted.
- ✓ You will have multiple opportunities to change and/or refine your survey responses during the follow-up process with NIEER.
- ✓ **Please complete the survey by October 1, 2021.**
