NO PROGRAM

Montana does not currently operate a public preschool program that meets the definitions used in this report. The 2018-2019 program year marked the final year for implementation of the \$6 million STARS Preschool Pilot, which was Montana's first state-funded preschool effort.

In the past, Montana has taken advantage of recent federal grant opportunities to support preschool programs. In 2018-2019, over 1,300 children were provided with new or enhanced preschool slots under the state's federal Preschool Development Grant (PDG). Also, in 2017, Montana received another competitive federal grant through the Striving Readers Comprehensive Literacy Program to support literacy skills among disadvantaged children and earmarked 15% of grant funding for preschool programs.
