WHAT'S NEW

In Spring 2023, Arkansas created the Office of Early Childhood (OEC) within the Arkansas Department of Education (ADE), which unifies the Arkansas early childhood system. This office was established when the LEARNS Act was signed into law.

BACKGROUND

The Arkansas Better Chance (ABC) program began in 1991 as part of a statewide education reform initiative, with funding (\$10 million) earmarked to serve children birth to 5 years old based on family income, developmental, and/or economic risk factors. In 2003, legislation known as Arkansas Better Chance for School Success (ABCSS) set priorities for funding, supporting 3- and 4-year-olds in households with incomes up to 200% of the federal poverty level. School districts with 75% or more of their students scoring below proficient in literacy and math on the State Assessment, and children in schools designated as "school improvement status" receive prioritized funding.

ABC/ABCSS components intended to ensure quality include: one teacher with at least a bachelor's degree per every three classrooms at a site and teachers with an associate degree in the other two classrooms; teacher assistants/paraprofessionals with a minimum of a CDA or equivalent; low teacher-to-child ratios (1:10); health and development screenings; parent involvement and community engagement; statewide child assessment (Work Sampling); an approved list of curriculum aligned with the 2016 Arkansas Child Development and Early Learning Standards; and classroom quality observations to inform technical assistance; and an evaluation of child outcomes through a longitudinal study.
