OVERVIEW

Mississippi preschool enrolled 3,064 4-year-olds in 2019-2020, an increase of 1,110 4-year-olds from the prior year. State funding totaled $6,699,517, up $2,143,311 (47%), adjusted for inflation, since last year. State spending per child equaled $2,187 in 2019-2020, down $145 from 2018-2019, adjusted for inflation. Mississippi met 10 of 10 quality standards benchmarks.

WHAT’S NEW

In 2020, Mississippi legislature increased the per pupil rate for ELC from $2,150 to $2,500, which will go into affect for the 2020-2021 school year. Because of the required 1:1 local match, this will bring total per pupil spending from all sources to $5,000.

In March 2020, the Governor issued a state-wide mandate that physically closed all state-funded preschool programs by the Governor for the remainder of the Spring 2020 semester due to the COVID-19 pandemic. It was a local decision whether to shorten the school year or to provide remote instruction to students. There was a mix of in-person and remote instruction when the 2020-2021 school year began. To prepare for remote and in-person instruction, diverse professional development opportunities have been on-going for teachers and administrators. Virtual coaching was also provided continuously for teaching staff and administrators.

BACKGROUND

The ELC Act of 2013 established Mississippi’s first state-funded, voluntary pre-K program. The ELC Act provides funding to local communities to establish, expand, support, and facilitate the successful implementation of quality early childhood education and development services. Implementation began in January 2014, with capacity to serve 1,774 children.

The program was initially funded at $3 million per year and increased to $4 million for the 2016-2017 school year. Additionally, in January 2017, four new ELCs were funded and launched full services for the 2018-2019 school year. As mentioned above, in 2018 five additional ELCs were added. As long as the ELC Act of 2013 is funded, current Collaboratives that meet program requirements will continue to be funded. The legislature increased the full-time per pupil rate from $2,150 to $2,500 and the part-time rate from $1,075 to $1,250 per year for the 2020-2021 school year.

Pre-K programs in Head Start centers, licensed child-care facilities, and public, parochial, or private schools formed and maintained stakeholder councils called ELCs, involving at least two program auspices. Each ELC designates a Lead Partner, either a public school or other nonprofit entity, with the instructional expertise and operational capacity to manage the ELC’s Pre-Kindergarten program.

The voluntary pre-K program intends to improve quality, increase access to high-quality pre-K programs for 4-year-olds, and prepare more children to enter kindergarten ready to succeed in school. The state program also supports local programs to improve quality and provide families access to information about pre-K programs. Pre-K programs also implement an integrated, effective system of early childhood curriculum, instruction, assessment, and program evaluation, including curricula aligned with the Mississippi Department of Education’s Early Learning Standards for Classrooms Serving Infants through Four-Year-Old Children.
