OVERVIEW
During the 2020-2021 school year, as the COVID-19 pandemic continued, Delaware preschool enrolled 830 children, a decrease of 15 from the prior year. State funding totaled $6,149,300, down $115,482 (2%), adjusted for inflation, since last year. State spending per child equaled $7,409 in 2020-2021, down $5 from 2019-2020, adjusted for inflation. Delaware met 9 of 10 quality standards benchmarks.

WHAT’S NEW
Due to the COVID-19 pandemic, the 2020-2021 school year began and ended with a mix of remote learning and physically open preschool classrooms. During that time, all Stars (QRIS) verification visits were suspended. Therefore, programs did not receive structured external observations aside from their resumed Office of Child Care Licensing monitoring visits. In 2020-2021 Delaware provided enhanced reimbursement payments to programs receiving Purchase of Care (state subsidy). Programs could use those dollars on strategies to recruit and retain teachers. However, this was not a program specific to Delaware Early Childhood Assistance Program (ECAP); all early childhood programs were eligible.

BACKGROUND
The Delaware Early Childhood Assistance Program (ECAP) began in 1994, providing comprehensive early learning services for 4-year-olds eligible for the federal Head Start program. Eligibility expanded to 3-year-olds in 2017-2018.

Modeled after the federal Head Start program, ECAP requires participating programs to follow required federal Head Start Program Performance Standards. Per these standards, ten percent of enrollment slots are reserved for children with disabilities; the majority of participating children must live in families with incomes at or below 100% FPL. Since the reauthorization of the federal Head Start program in 2007, up to 35% of enrolled children may live in households up to 130% of FPL.

ECAP awards are available to private and public child care programs, such as for-profit child care, Head Start agencies, public schools, community-based organizations, and faith-based centers through a Request for Proposal process. Contracts for funded ECAP seats are determined based on Community Needs Assessment Data.

In 2012, Delaware began requiring all ECAP programs to participate in Delaware Stars, the state quality rating and improvement system (QRIS) for early childhood programs. All ECAP programs are required to maintain at least a Star 4 out of 5 rating.
