In 2021 Dollars

RACE & ETHNICITY

Nationally, Head Start funding per child is less in states with a higher percent of Black children in enrolled. Additionally, observed classroom quality—specifically Emotional Support and Classroom Organization scores—was significantly lower in states in which Black children were a larger percentage of Head Start enrollment.

- Biracial or Multi-racial: 0%
- Other or Unspecified: 17%

RACE & ETHNICITY

Head Start enrollment, funding, and classroom experiences vary by child race and ethnicity in ways that are not easily explained, highlighting inequities. Head Start reaches a smaller percent of eligible children in more racially and ethnically diverse states. How does your state compare?

Child Home Languages

**HEAD START**
- English: 86%
- Spanish: 6%
- Middle Eastern & South Asian: 3%
- African: 2%
- Other: 3%

**EARLY HEAD START**
- English: 80%
- Middle Eastern & South Asian: 7%
- African: 7%
- Spanish: 4%
- Other: 2%

Education & Child Development Staff Language Proficiency

- 6% of Head Start Education & Child Development Staff are proficient in a language other than English.
- 14% of Early Head Start Education & Child Development Staff are proficient in a language other than English.
The location of Head Start programs in relation to where children in poverty live varies greatly by state. In some states centers tend to be concentrated in higher poverty counties; but in other states, the location of Head Start centers is related to population density.

States should ensure programs are accessible to eligible families. This could include ensuring programs are located in neighborhoods near children living in poverty and/or providing transportation to a greater number of children.
